## SUMMARY OF QUALIFICATIONS

Passionate about building digital experiences that bridge cultures, I specialize in developing multilingual websites for global audiences. With expertise in Next.js, React.js, and Tailwind CSS, I create responsive, scalable web solutions that prioritize accessibility and seamless localization. I focus on delivering full-fledged multilingual websites, optimizing user interactions, and ensuring digital solutions meet diverse market needs. Eager to contribute to innovative projects, I thrive in dynamic environments and am committed to continuous growth.

## PROFESSIONAL EXPERIENCE

Scizers IoT Pvt. Ltd.

Jul 2024 - Mar 2025

Jr. Web Developer

- Full-Stack Development** – Developed and maintained dynamic web applications using **Next.js for the frontend and Node.js for the backend**, ensuring seamless functionality across the stack.
- API Integrations** – Implemented efficient **API integrations**, optimizing communication between frontend and backend services for improved data flow and performance.
- Performance Optimization** – Enhanced website performance by optimizing **loading speed, responsiveness, and user experience**, ensuring high efficiency across devices.
- Cross-Functional Collaboration** – Worked closely with **designers and backend developers** to deliver high-quality, scalable web solutions within tight deadlines.
- Problem-Solving & Debugging** – Demonstrated strong **analytical and debugging skills**, identifying and resolving issues to ensure smooth and error-free web applications.
- Continuous Learning & Adaptability** – Quickly adapted to new technologies and best practices, showcasing **eagerness to learn and apply cutting-edge web development techniques**.

Scizers IoT Pvt. Ltd.

Jan 2024 - Jun 2024

Frontend Developer (Intern)

- React.js & Next.js Development** – Assisted in developing **React.js and Next.js applications**, optimizing **load times by 35%** and ensuring smooth navigation.
- Performance Optimization** – Enhanced **multilingual and e-commerce platforms** by implementing lazy loading and image optimizations, resulting in a 20% improvement in page speed.
- Responsive UI Design** – Designed **responsive UI components**, improving **mobile user retention by 20%** and reducing bounce rates.
- Cross-Browser Testing & Debugging** – Conducted extensive **testing and debugging**, resolving **98% of reported UI/UX issues** for a seamless user experience.
- Code Refactoring & Maintainability** – Refactored and modularized **React components**, reducing **code redundancy by 30%** and improving maintainability.
- State Management Optimization** – Implemented **state management best practices**, leading to **40% faster data updates** and smoother user interactions.

## PROJECTS

### Space Mortgage Website

**Technologies Used:** Next.js, React.js, Bootstrap, Sass

- Developed a multilingual mortgage website optimized for performance in the UAE market, including custom UI components and Arabic localization. Achieved 95+ performance scores on mobile and desktop.

### MAP DXB - Property Rental and Sales Website

**Technologies Used:** Next.js, React.js, Tailwind CSS, Node.js

- Developed a multilingual website for property listings in the UAE, integrating an API for real-time data fetching and dynamic content. Optimized for performance and responsive design.

### Legend Design - Aluminum Profiles and Interior Design Website

**Technologies Used:** Next.js, React.js, Tailwind CSS, Node.js

- Created a responsive, user-friendly website for showcasing aluminum profiles and interior designs, focusing on product display and interactivity.

---

## PROFESSIONAL EXPERIENCE

### 360 Experiential Solutions

Oct 2019 - Nov 2020

#### Volunteer Educator

- Educated young learners about basic financial principles through engaging stories and practical examples. Organized and facilitated sports day activities to promote teamwork and enjoyment.

### European Association of Geoscientists and Engineers (EAGE)

Feb 2016 - Feb 2019

#### Event Coordinator

- Assisted in planning and executing interdisciplinary events in engineering and geoscience, gaining valuable organizational and problem-solving skills.

---

## EDUCATION & CERTIFICATIONS

### Postgraduate Diploma

GPA 3.86

Web Development

Software Engineering Future Academy

### Bachelor of Science

Alexandria University, Egypt

---

## TECHNICAL SKILLS

**Programming Languages:** JavaScript, TypeScript, Python

**Web Technologies:** HTML5, CSS3, Tailwind CSS, Bootstrap, Material-UI, GraphQL

**Frameworks & Libraries:** Next.js, React.js, Gatsby, Framer Motion, GSAP, Node.js

**Version Control & Collaboration:** Git, GitHub
